Originally set for Campwood do to Pipeline companies in the area they could not secure any space for us. I made a decision and moved the venue to [Kerrville-Schreiner Park](#). With that said the cabins are not equipped with stoves for cooking. I am willing to share our stove, electric griddle, large electric skillet and a smaller electric skillet with all of you. Check out the link on our website. I'm looking to camp on the Riverside Sycamore Circle.

## Notes from the our LSV meeting during our Voyage Home ride 2019:

Dave and Sheila Lawson were accepted to host Voyage Home in 2020.

Names and addresses of membership were passed around for any updates. Just a reminder if your address, phone, or email has changed please send a note to Rod. He is great with keeping our data up to date.

Dave Lawson spoke of the importance of keeping in touch. With that said I volunteered to send out a quarterly letter via email. I'll also have Rod add this to the website.

Year end donation was discussed but no resolution to who we wanted to send \$200 too. In talking with Dave's suggestion he sent more information. I made a decision to hold off so we could discuss further. We stated since our LSV Chapter is texas based that the charity go to a texas based charity. With that said at the meeting during the Hill Country Tour I would like to discuss further. Anyone who knows of a charity please bring information on the charity to the Hill country tour meeting. To be voted on at the Voyage Home meeting.
