Agenda for Voyage Home 2010

Thursday, 14th

Early arrivals will be treated with a party tray of Blimpies sandwiches and soft drinks at the campground. We will try to have a campfire if possible.

Friday, 15th

Meet at the Exxon at I-10 and SH-61 next to the Days Inn at 8:00 and leave for breakfast at McDonalds. From there we will travel to Fort Anahuac Park, where there are several interesting historical monuments about the fight for Texas independence and you can take a short ride down a peninsula into Trinity Bay.

Next we take a short ride and visit the park at the Wallisville Lake Project's Lock and Dam on the Trinity River. They have nice restrooms and an interesting Visitor Center, nice picnic areas and an observation platform that overlooks the marsh.

Then we ride to Kountze where we will have lunch then return to the campground and motel. Estimated arrival 2 to 2:30.

At 4:30 we will meet at the Exxon at I-10 and SH-61 for a ride to the "End of the Earth" as Brenda has posted, but it is really the Hurricane Restaurant and Club in Oak Island where they make a mean hamburger and a really good fried shrimp dinner. They have a varied menu if you like steaks, hamburgers and seafood. I'm sure it is all, good and they are noted for their stuffed crab plate.

Saturday, 16th

Meet at the Exxon at I-10 and SH-61 next to the Days Inn at 8:30 and leave for Liberty where we will have breakfast at Casa Don Boni. After breakfast we have a nice ride with several rest stops and will return to campground or motel around 2:00. If you are hungry and can't wait until later there is a Blimpies at the Chevron and across the road is a Jack-n-Box.

We leave at 4:45 from, guess where, for supper at 5:30 in Anahuac to eat at Tony's BBQ where we will also have our business meeting.

Sunday, 17th

Good byes and break camp; Ride Safe!
